

# Examic® Assessment Suite

## Create, run and evaluate written exams and OSCEs.

Do you want to run your exams efficiently and deliver them on tablets? Do you prefer to keep on using paper? Are you looking for a solution for the management of your questions or checklists and would you like to optimize them in a Peer-Review?

Our tools for written exams (Measured®) und and for structured oral exams (EOSCE®) may be of interest for you.

# Examic<sup>®</sup> Assessment Tools

Efficient, user-friendly, safe

## Measured<sup>®</sup>

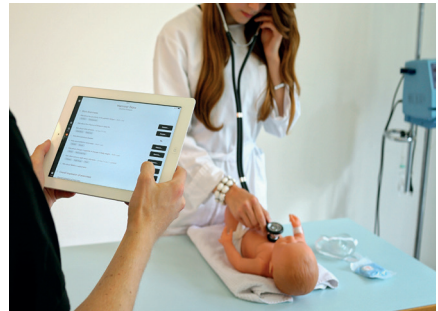

Manage your written examinations digitally. Create, request, review, revise and organize questions (in multiple languages) and compose them into exams.

Run your exam on tablets with our App or on paper with machine-readable answer forms. Analyze your exam yourself or rely on our expertise for your analysis.

## EOSCE<sup>®</sup>

Create checklists for oral and practical exams entirely digitally without paper.

Our scientific studies have proven that examiners are more satisfied with EOSCE<sup>®</sup> than with conventional formats.
